By Government Resolution, General Administration Department No. EXM-2062-O&M, dated the 7th March 1962, penalty of stoppage of next increment has been prescribed for Lower Division Clerks who do not pass the post Recruitment Training Examination. The increment is to be withheld for a period of 1 year or till a candidate passes the examination, whichever is earlier.

2. By Government Circular, General Administration Department No. EXM-2063-O&M, dated the 14th November 1963, it has been laid down that increment so withheld should be released from the last day of the examination in which a candidate passes. No orders have, however, been issued about the date from which the increment should be withheld for failing in the examination. It is, therefore, clarified that for the purpose of withholding an increment the date which is relevant is the last date of the examination in which a candidate fails and not the date on which the result of an examination is declared. The Departments are, therefore, requested to see that after an examination is over, increments falling due on the last date of the examination or thereafter are not released till the result is declared. Increments of those who pass can be released retrospectively after the results are declared and those of persons who fail can be withheld for a period of one year from the dates they were due or till they pass the examination whichever is earlier.

By order and in the name of the Governor of Maharashtra,
